Parathyroid Imaging: update 2018

Friday, October 19th 2018

Hotel "Villa Sassa", Lugano

From 09h30 to 17h00

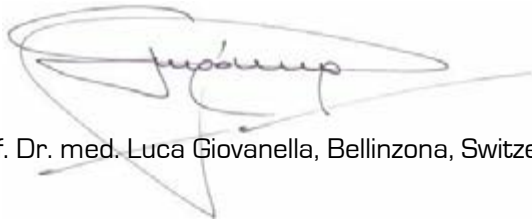

Dear Colleagues

it is a great pleasure to invite you to the 2nd International Symposium on Endocrine Molecular Imaging and Theranostics organized by our centre under the auspices of the Swiss Society of Nuclear Medicine-Molecular imaging and therapy (SGNM/SSMN) and the European Association of Nuclear Medicine (EANM).

This year, the symposium focuses on parathyroid imaging. A panel of internationally renowned experts will provide us updated data on the issue, with emphasis on the role of emerging imaging modalities and new parathyroid-targeting tracers.

I hope to welcome you in Lugano!

Sincerely,

President Prof. Dr. med. Luca Giovanella, Bellinzona, Switzerland
